

Elections

This collection contains documents regarding elections dated from 1957-1971, though the large majority of documents originated between 1960-1964. Most files address the organization of elections, constituency boundaries, voter registration, candidates, polling stations and election results. Prior to 1962, elections were handled by the Chief Secretary's Office. Following independence, election-related responsibilities were transferred to the Office of the President. While this collection is relatively small, additional files regarding elections can be found in the Office of the President Collection.

This collection was catalogued from June – September 2011 by Natalie Bond, University of Michigan; Anneeth Kaur Hundle, University of Michigan; Jennifer Lee Johnson, University of Michigan; Ashley Rockenbach, University of Michigan; Edgar Taylor, University of Michigan.
