

HOIMA DISTRICT ARCHIVES

The Hoima District Archive

The Hoima District Archive consists of the papers of the District Local Government of Hoima District. Hoima is one of Uganda's oldest administrative centers. Its archive was formerly housed in two repositories. The larger collection, held at the district's newly-built headquarters buildings in **Kasingo**, dated very largely from the 1970s and 80s, though there was material stretching back to the 1940s or 50s. The files covered a wide range of issues, from land policy to township board minutes to forestry policy. A second, smaller, older collection was housed in **Boma**, the government headquarters in Hoima town. The files were not boxed, and neither was there a list of the contents of the collection.

With the agreement of the Chief Administrative Officer, Mr. George Ntulume, and of the District Local Government, a team from Mountains of the Moon University in Fort Portal relocated the Hoima District Archive to the University's premises in 2014. In the ensuing months the papers were placed in subject order, cleaned, re-covered, boxed and catalogued. The cataloguing project has illuminated the great value of this collection. In all, it consists of some 1168 lid boxes of material. The oldest files date from 1921; the bulk of the collection dates from the 1930s through the 1970s. There is material on the operation of the district courts, correspondence to and from the office of the *omukama* (king) of Bunyoro, records of the resettlement areas that were established for Rwandan refugees in the 1960s, material on price controls, trade, and a host of other matters. There is a substantial deposit concerning agriculture and veterinary work in the district. There is a similarly large collection on education, including reports on the inspection of schools. And there is a large body of material on land and land policy, including survey reports of the geology of the area and material on mineralogy and geology. It is, in other words, a collection of great value.

The cataloguing team has organized the files so as to preserve the categories in which the archive was originally organized. The archive is broadly divided into two deposits. The first, labeled 'Hoima B', contains files that were originally housed in the Boma building; the second, labeled 'Hoima K', contains files that were originally housed in Kasingo. Within each deposit files are organized by subject heading. The abbreviations used in the catalogue to identify the subjects are as follows:

ADMIN:	Administration
FINANCE:	Finance
PUW:	Public Works
EDUC:	Education
DEV'T:	Development
LABOR:	Labour
STAFF:	Personnell
MISC:	Miscellaneous
MED:	Medical
FORESTRY:	Forestry
DB & M:	Deaths, Births and Marriages
LAND:	Land
AGRI-VET:	Agriculture and Veterinary affairs
GAME:	Game
JUD:	Judicial and court affairs
ARMS:	Arms and ammunition

IMMIG:	Immigration
P & C:	Population and Census
VISITS:	Visitors
SPORTS:	Sports and athletics
ELECTION:	Elections
PP:	Personnel file
INFO & COM:	Information and Communications
CO-OP:	Cooperative Development
TRADE:	Trade and Commerce
SCW:	Social and Community Welfare
NAF:	Native Affairs
PUW:	Public Works
POLICE:	Police

File boxes are organized numerically and by subject order. So boxes 1 through 155 contain files concerning the administration of Hoima District (originating from the Boma archive); boxes 686 through 770 concern education in Hoima (originating from the Kasingo archive).

The cataloguing of the Hoima District Archive was conducted by Mr. Akugizibwe Moses, Mr. Kimbugwe Adolph, Mr. Amanyire Edgar, and Ms. Baryauza Anna, working under the district of Mr. Evarist Ngabirano. Funding for the project has come from the Cooperative Africana Materials Project of the Center for Research Libraries, and from the African Studies Center, University of Michigan (USA).
