

Secretariat Topical Collection

The Secretariat Topical Collection comprises documents from the office of the colonial governor's office, which were organized into topical categories beginning in the 1950s under Uganda's first Government Archivist, P.T. English and his successors J.P.M. Fowle and Martin Mukasa. These materials consist primarily of correspondence that passed through the Governor's office, but it also includes reports and official publications. Although these files originated from the same office as those in the separate Secretariat Papers Collection, the Secretariat Topical Collection has been organized into eighteen topical categories corresponding with letters affixed to each file cover: A-D General; E Customs and Trade; F Military; G Posts and Telegraphs; H Agriculture, Forestry, Game and Veterinary; J Medical; K External Affairs; L Land; M Geological; N Railway; P Publications; Q Municipal; R Labour; S Education; T Aviation; U Printing and Publications; V Societies, Clubs and Institutes; and W Finance. The material dates from the early 1900s into the 1960s, though the bulk of the collection is concentrated from the late 1920s through the mid-1950s.

The files in this collection are organized by topic. Therefore, the catalogue begins with Series A Box 1 and continues until Series A Box 17 before continuing with Series B Box 1. Each file retains its original minute number. In order to retain the integrity of the original cataloguing system, the files have been retained in the boxes where they were originally housed and organized by minute number within each box.

This collection was catalogued from July-September 2012 by Eva K. Irene, Uganda National Archives; Jennifer Johnson, University of Michigan; Doreen Kembabazi, University of Michigan; Eva N, Cambridge University; Emma Park, University of Michigan; J.J. Pionke, University of Michigan; and Edgar Taylor, University of Michigan.
